

AGENDA

Hartsville-Trousdale Water & Sewer Utility District of
Hartsville/Trousdale County, Tennessee

DATE AND TIME

February 25, 2020 at 5:00 pm

PLACE OF MEETING

County Administration Building
Mayor's Office
328 Broadway
Hartsville, TN

ORDER OF BUSINESS

1. Roll call and determination of quorum.
2. Approval of January 2020 minutes.
3. Approval of January 2020 Financial reports.
4. Water Loss Report.
5. Engineering Report Evan White Mid-Tenn. Engineering
6. General Manager Report:
 - Discussion concerning Fire Sprinkler Policy Customer Charges
 - Approval 2020-2021 Budget
7. Public Comments
8. Board Members Comments
9. Adjournment

January 28, 2020
Hartsville-Trousdale County
Water & Sewer Utility District
Meeting of Board of Commissioners

The meeting of the Hartsville-Trousdale County Water & Sewer Utility District Board of Commissioners was held Tuesday Jan 28, 2020 at 5:00pm in the County Administration Building.

Board members present were Mark Beeler, Stephen Chambers, Craig Moreland, Mark White and Dwight Jewell. Others present were Evan White, Mid Tenn. Engineering, Clint Satterfield, Director of Trousdale County Schools, Tommy McFarland, and Mary Dale Welch.

The meeting was called to order by Chairman Mark Beeler.

The minutes of the December meeting were approved on a motion made by Craig Moreland and seconded by Mark White.

The financial reports for December were reviewed and approved on a motion made by Craig Moreland and seconded by Dwight Jewell.

A discussion was held concerning a complaint that notices are not sent out prior to water being disconnected for non- payment. Tommy advised the Board that if customers register for the on-line bill pay, they will receive notices when the bill is due. An update scheduled for the software may include a notice prior to shut off. This will be looked into.

Evan White reported that the facility plans for the storage tank are under way.
The CDBG project is in the environmental phase, once that is done it can go out for bid.

Next on the agenda was the emergency purchase of a generator for the sewer plant. The one at the plant failed and the cost to repair it was around \$32,000.00. The price for a new replacement generator is \$46,600.00 and has a one-year warranty. Approval was obtained from the executive committee to purchase the new generator. The quote from Sourcewell was \$52,000 and the price from Nixon Power was \$46,600.00. A request was made to obtain the cost of getting an extended warranty on the generator. Dwight Jewell made a motion to concur with the executive committee approval for the purchase at \$46,600. Craig Moreland seconded the motion. The motion was passed.

Clint Satterfield, Director of Schools, ask for a clarification on the sprinkler policy. Letters have been sent to business that are on fire lines requesting information concerning the fire protection infrastructure that they have.

The meeting was adjourned.

Hartsville Trousdale Water & Sewer Utility Department Rules and Regulations

22. Fire Sprinkler Systems

1. All customer fire sprinkler system connections (including private fire hydrants) must be approved by of HTWSUD.
2. Customers are not permitted to use water provided for a fire sprinkler system for any purpose other than fire protection. When a customer uses water from a fire sprinkler system for any purpose other than fire protection, the customer must pay for water used as estimated by HTWSUD in accordance with its rates and fees for water service.
3. No cross-connection is allowed between a customer's fire sprinkler system and its domestic, potable water lines.
4. HTWSUD shall have right of access during business hours to a customer's premises for the purpose of inspecting the customer's fire sprinkler system to ensure the fire sprinkler system meets HTWSUD's rules and regulations and poses no threat to the integrity of the HTWSUD public water system.
5. Fire sprinkler systems shall be installed, owned and maintained by the customer. Other than the enforcement of its own regulations governing fire sprinkler systems, HTWSUD assumes no responsibility for seeing that the customer's installation and maintenance of its fire sprinkler system complies with any applicable codes, regulations or standards governing fire sprinkler systems.
6. Multiple connections for fire sprinkler service to one structure or building that is in service at the effective date of this regulation shall, for billing purposes only, be considered a single connection.
7. HTWSUD does not guarantee any pressure or flow minimums for fire sprinkler system connections.
8. When a customer discovers a leak in its fire sprinkler system, the leak must be repaired as soon as possible.
9. When HTWSUD discovers a leak in a customer's fire sprinkler system, the customer must repair the leak within 72 hours of notice by HTWSUD. If the customer does not repair the leak within 72 hours, the customer will pay a penalty of \$100.00 per day until the leak is repaired and will pay for water lost after 72 hours due to the leak as estimated by HTWSUD until the leak is repaired in accordance with its rates and fees for water service.

Hartsville Trousdale Water & Sewer Utility Department Rules and Regulations

Fire Sprinkler System Rates and Fees

Fire Line Taps will be billed the following each month:

Monthly base charge based upon the number of minimum bills per size tap as specified below

Private Fire Hydrants @ \$15.00 each per month

Sprinkler Heads @ \$.15 each per month

Fireline Pipe Size	Monthly Base Charge
2-inch	2 Minimum Bills
4-inch	4 Minimum Bills
6-inch	6 Minimum Bills
8-inch	8 Minimum Bills

When a customer is required to pay for water provided by a fire sprinkler system, water must be paid for at the prevailing rates approved by HTWSUD.

Adoption Date: December 17, 2019

Effective Date: January 1, 2020

Geared Road Speed

SPECIFICATION SUMMARY

Model #	CK56403
Engine Order Code	L5D
Model Manufacturer	Duramax
Type	Turbocharged Diesel V8
Displacement	6.6L/402
Horsepower	350 @ 2700
Starting Torque	N/A
Transmission Order Code	MWA
Model Manufacturer	Allison
Type	6-Speed Automatic
Rear Axle Order Code	HD1
Model Manufacturer	A1700HS Allison
Weight Rating	15000 lbs
Ratio:1	4.30
Rear Tires	225/70R19.5G
Revolutions/Mile Front	640
Revolutions/Mile Rear	640
Surface Type	Concrete
Desired Grade	2%

Geared Road Speed

0% Grade in 4th gear

Actual Loaded Speed

2% Grade in 4th gear

Note: Simulated speedometer appearance may not correspond with selected equipment.
